ROCHESTER BOWS BEFORE ATTACK OF HAMILTON

Local Team Shows Speed Early in Each Half and Wins 14-0. Many Lost Chances to Score

ROCHESTER FIGHTS HARD

Rochester fell victims to the swift attack and stone wall defence of the Hamilton eleven Saturday afternoon on Steuben Field, and carried home a 14-0 defeat. Consistent line plunging in the first few minutes of each half carried the ball over Rochester's goal for two touchdowns. A soggy field robbed the game of any spectacular features, and caused numerous fumbles and lost chances to score. Hamilton showed no stars, but each man on the line did his share in breaking up the attack of Rochester, and the backfield succeeded in rushing the ball more than twice the total distance of the Rochester advance.

The Game in Detail

Rochester lost the toss and kicked off. Hamilton was penalized ten yards for holding on the first play. Lawler punted, and on the return Gorman broke through and blocked the kick. With the ball on Rochester's 40-yard line, two first downs by straight line plunging, an end run by Campbell netting 15 yards, and a buck by Lawler, carried the ball over the last white mark. Gorman's kick for goal had a foot to spare. Score Hamilton, 7; Rochester, 0.

Gorman kicked off and Rochester with a flash of power, rushed the ball back thirty yards as the quarter ended. Hamilton was penalized five yards for off-side, and Brown carried the ball to the 16-yard line. Four smashes at the Buff and Blue line fell a yard short of the necessary distance and Lawler punted out of danger from behind the goal. Late in the half, Gorman tried a drop-kick from the 25-yard line, but only rolled the ball along the ground. Rochester punted to midfield as the half ended.

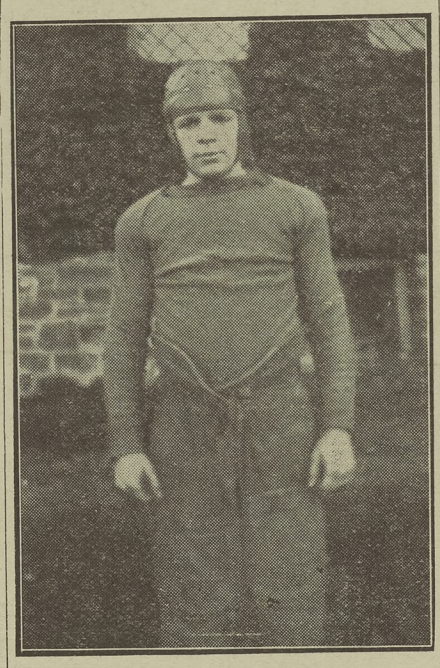
Hamilton Scores

Brooks replaced Spinning. Gorman's kick-off was short, but Williamson fumbled and Gorman dropped on the ball on Rochester's 40-yard line. Ten drives at the Rochester line brought the ball to the 2-yard line and Johnson carried it across. Gorman kicked the goal. Score: Hamilton, 14; Rochester, 0. Hamilton lost another opportunity to score when Brooks recovered a fumble with a clear field before him, but slipped and fell.

Fourth Quarter

Neither goal was in danger during the last quarter. Hamilton got near enough to allow Gorman to drop-kick but as before the attempt failed. Pape squirmed through an open field after receiving a punt and covered twenty-one yards. Campbell executed a 25-yard run which brought the ball to Rochester's 17-yard line, where the game ended.

Capt. Brown of Rochester was their most effective ground-gainer. By intercepting a pass in the second quarter he gave his team practically their only chance to score. Uebel, Rochester's 125-pound center, was a strong linesman and made up for his weight by smearing numerous plays directed at his part of the line.



Leslie M. Pape, '19, Who Plays a Strong Game at Quarterback

Between the halves the annual Freshman-Sophomore Club Rush took place. The poor condition of the field prevented the usual fierce row, and the two yards which the Frosh gained in the first minute remained theirs during the rest of the combat.

The line-up and summary:

COLLEGE MEN WORK FOR LIBERTY LOAN

Over $5000 Subscribed By Students. Men From Hill Speak in Utica Theaters

One of the slogans of this war has been, "Fight or Give," and Hamilton men have done both. The latest contribution which this college made toward ending the war is $5,000 worth of Liberty bonds from the undergraduates, and about $1,500 from the faculty.

This is an average of $25 a man, and it does not include the loans which various students have had taken out for them at their home banks. Most of this $5,000 has been loaned thru the Hayes Bank, and the college subscriptions applied on the total Clinton subscription.

The average size of the loans has been $50, altho a few men have taken out $100 bonds. Contributions have not been made by a few, but they have been taken from the entire student body. Most of the men who purchased bonds have taken the money out of the amount which they generally spend for amusements, and few of the sums represent additional checks from home.

Besides contributing generously to the sale of Liberty bonds, Hamilton students have also been working with the Liberty Loan Committee in Utica, speaking at the various theaters on the five closing nights of the campaign, and teams of four men aiding in a canvass of the city in the afternoons.

A meeting of all men interested in this work was held at Dr. Wood's Tuesday evening, and G. T. Link, '18, was elected chairman of the committee. Other men who took part in the campaign as "Four Minute Men", were Dodge, DeSantis, Insley, Griffin, Hasbrouck, Searle, Timmerman, Jessup and Jones '18; Reed, Valentine, Ackler, Ives, Ferguson, Keeler, and Van Norden, '19; Kneeland, Cairns, Bennett, and Baumer, '20.

TO BURY THE HATCHET

The Hallowe'en celebration, with the two underclasses taking the leading roles, is scheduled for this Wednesday evening. The itinerary will include the village, the homes of the professors, and the glen, where the usual menu of cider and doughnuts will be passed out.

SUNDAY CHAPEL

Rev. Darwin F. Pickard, '97, of Watertown, preached in Chapel, Sunday. Next week Rev. Ralph C. Brokaw, pastor of the First Presbyterian Church of Utica, will speak.

Cheering Practice will be held at 4:30 every Thursday afternoon until the Union game. All out.

DELLING, SYRACUSE '16, SPEAKS

A plea for Hamilton students to aid in the work that the Young Men's Christian Association is doing to help the victims of the Great War, was made at a college meeting in Commons Wednesday night. President Ferry presided over the meeting and said that everyone would be glad to hear from men who had been "over there." He introduced as the first speaker Segur Delling, Syracuse '16, who has lately returned from France and intends to go back immediately with the aviation corps.

Mr. Delling said that if the fellows could see the things, which he had tried unsuccessfully to forget, they would give anything to improve the terrible state of affairs. Our army which is soon to be in France, will meet with the same trials that the other armies have faced. The greatest demoralizing effect is due to the terrible monotony of the soldier's life. The constant drill, the strange people, the crowded quarters, no lights at night, all combine to make life in the foreign training camps a constant struggle against the desire to die and end it all. The spark that cheers these camps is the Y. M. C. A. and the men flock to its rooms. "It makes them feel that somewhere there is a place where there is love and where the lights burn at night; a home which shelters a mother, relative or pal. It keeps them from forgetting home."

The next speaker was Louis Penningroth, a graduate of Iowa State University who has been working among the prison camps in Austria and Servia. Mr. Penningroth kept his listeners spell-bound as he described the horrors of the life for the Allied prisoners confined in these pens. Books, manual training equipment, and music are all very good, but what is needed most is food. It will save thousands of lives if food can be procured for the captives in the "preparatory graveyard," the term used for hospital.

The final speaker of the evening was introduced by Dr. Ferry as a former captain of N. Y. U. football team and state secretary of the Y. M. C. A., Elmer C. Galloway. He stated that the Y. M. C. A. had been invited to take charge of recreation and relief in the prison camps and training camps in all the nations at war and asked for subscriptions.

After the meeting, class gatherings were held and pledge cards distributed. About $700 has been subscribed by the students and faculty, but many have not yet turned in their cards.

FOOTBALL SQUAD'S AVERAGE 154 lbs.

Statistics of Team Show Line is 16 Pounds Heavier Than Backfield

The statistics for the 1917 football team show that the team is keeping up to the standard of previous years. There have been over twenty-five men out on Steuben Field every aftrnoon whose average is 150 pounds the same as last year's squad. The average of the varsity is 154 pounds, the line being 161 and the back field 145. The complete individual statistics follow:

Y. M. C. A. Speakers

The Y. M. C. A. is offering speakers this year to the College that are worth hearing. Not that the Christian Association has not had good speakers in past years, but this year they have the unusual opportunity of obtaining the services of the men who come here to preach in Sunday chapel. These men are mostly Hamilton graduates and are acquainted with conditions as they present themselves on this Hill. But altho the Y. M. C. A. has been quick to see the value of these men, so far the fellows on the Hill have presented their usual blind side "to things pertaining to Y. M."

Due to the fact that the fraternities fill the social demands of a Hamilton man, one of the great appeals of the Y. M. C. A. as it is in the world at large, is lacking here. The Y. M. C. A. president on this Hill has a difficult task. The function of the Y. M. C. A. here seems to be narrow and its leader is always forced to rack his brains to do enough to justify existence. Then too, the unfortunate reputation that some budding literary genius has given to "Y. M. C. A. sharks" has not helped the Association. All in all the Y. M. C. A. has been a stranded member of our college circle.

But we are not indicting the Y. M. C. A. as hopeless. It has brought many big Christian men to the Hill whose words have no doubt given some men inspiration. These "some" should, however, be increased to many. And that means first a larger attendance and increasing interest in the building on the corner of the Campus. These Sunday afternoon talks are short, practical and right to the point. They are given by men who understand us. Make more use of the Y. M. C. A. There is a religious side to every true man's character and in these four eventful years let us not entirely starve ours.

MEN IN SERVICE WRITE INTERESTING LETTERS

Hal Woods, '18 Sends News From France, and Hyde, '20, From the Navy

Hamilton's contribution to government service of more than fifty undergraduates, is a widely scattered delegation, with representatives in almost every branch of service on land or water. That these men have not forgotten Hamilton, and still taken an active interest in doings on the Hill, is shown by the numerous and interesting letters which they find time in their busy life to write to friends back here.

Hal Woods, '18, who was one of the first men to leave college for active service as an ambulance driver, has been in France for nearly a year. In writing of his experiences, he tells of the work of the Y. M. C. A. among the troops at the front and in England. "I stayed at the Y. M. C. A. huts, that is, one of them, for there is a hut in every bolck. Tommy Atkins can't praise them sufficiently. If he had the choice of losing his pay or his Y. M., I think he would forfeit his money. In London they make his six days permission memorable. A month ago America entered the city with her hut and London is gasping for breath. We have the finest, most comfortable, attractive and convenient Y. M. in the city. It is packed every day and night; the soda fountain, the Yankee meals, and concerts have proved unbounded successes."

From him we also get a first-hand account of an air-raid. "We were roughly brought back to earth that night by an air-raid. No warning was given. I was in a reading room when the sound of anti-aircraft was heard. The hut is only a temporary frame structure with no cellar, so we were turned out. Following Bill Squires' lectures, I allowed the crowd to lead me to a saloon. It was packed sa we had to squeeze in the hallway. By this time the firing was directly overhead. I never saw as fine an exhibition of fireworks before. Our star-gazing came to a tragic end. A rain of shrapnel landed on the glass above the doorway and one fragment of a shell wa shurled inside. It hit a civilian boy on the head. He fell back into my arms with one gasp."

"Gerry" Hyde, '20, gives us a glimpse of life on the sea, being stationed on the U.S.S. Delaware. "I am fast becoming a radio operator and expect to be rated as such by December. The Navy is not as bad a place as it might be. According to the popular saying, "It is a great life if you don't weaken." The worst part of it is, in the words of the poet, "Water, water, everywhere, but not a drop to drink." We have good food, a good bed and plenty of work to do. For amusement we have band concerts and movies."

Milt Russell says it's a great life at Camp Hancock, Georgia, and "Oh, those southern women."

GERARD MAY LECTURE

Committee Endeavoring to Secure Ex-Ambassador in Myers Series

Dr. A. P. Saunders, who is arranging the series of Myers Lectures for this year, says that no one subject will be chosen for the lectures, as has sometimes been done, but big men will be secured with any interesting and timely subject. No dates have been scheduled as yet, but the committee is endeavoring to bring Ex-ambassador Gerard to the Hill to speak on some phase of the war or his experiences in Germany. John Masefield, who lectured here two years ago, is in this country and may be secured again. It has not been definitely decided whether or not one lecture will be held before Christmas.

—Among those who have enlisted in the hospital corps are: Hudson Covert, '16, who joined the Chicago unit, and George McMillan who is in the Yonkers unit.

—G. V. W. Pope, '16, received a commission as second lieutenant at the Fort Sheridan, Ill. training camp. He is now at Fort Logan, Tex., as a member of the regular army.

—Dewey J. Carter, '04, has been commissioned as First Lientenant of Infantry, and assigned to Company M. N. Y. National Guard. This company will be ordered to guard duty as soon as equipment is received.

—Alexander Woolcott, '09, writing to Professor Shepard, says that owing to his knowledge of French he has been used as an interpreter and is thoroughly enjoying the constant contact with the French people.

—At a meeting held Saturday evening, October 13, to organize a Young Men's Dowling Club to further the candidacy of William F. Dowling, '04, for Mayor of Utica, Hamilton men played a conspicuous part. Leo O. Coupe, '10, presided, and among the principal speakers was Harry M. Garvey, '06.

—Seward A. Miller, '99, has been appointed by Governor Whitman as Chairman of the Exemption Board, Division No. 2, city of Utica. The Press characterizes Mr. Miller as a capable, conscientious and painstaking attorney. As Corporation Counsel of the late administration of Utica, Miller made a fine record and has the absolute confidence of the authorities who have placed him in his present and exacting position.

—Hon. Edward N. Smith, '90, attorney of Watertown, N. Y., spoke lately before the New York State Waterways Association on "Conservation of State Water Resources," He showed that the State has available 3,300,000 horse power in our water falls but only 1,100,000 horse power is being utilized, and only 65 per cent. of the time. Mr. Smith advocated immediate action to protect our water sheds and provision for utilizing our water power.

FUNERAL OF CATLIN, '57

The death of Hon. Thomas D. Catlin, '57, occurred last week at his home in Ottawa, Ill. His remains were brought to Clinton and interred in the College Hill Cemetery Saturday, Dr. Stryker conducting the brief service.

Thomas Dean Catlin was born in the Root home on College Hill in 1838, his father being head of the Mathematics and Astronomy departments. He received his early education in the Kirkland Academy with Grover Cleveland and Oren Root as classmates. He graduated from Hamilton in the class of 1857.

Mr. Catlin was regarded as one of the most prominent and influential business men of Ottowa, where he has been president of the National City Bank of Ottawa, of the First National Bank of Grand Ridge, of the State Bank of Senaca, Ill., of the United Glass Co. of Chicago and of the Illinois Bankers Association. He was elected alumni trustee of Hamilton College in 1890 and served in that capacity until the spring of this year. He was a member of the Sigma Phi Society.

ACHIEVEMENT
Twenty-five years ago the General Electric Company was founded.
Since then, electricity has sent its thrill through the whole structure of life.
Eager to turn wheels, to lift and carry, to banish dark, to gather heat, to hurl voices and thoughts across space, to give the world new tools for its work—electricity has bent to man's will.
Throughout this period the General Electric Company has held the great responsibilities and high ideals of leadership.
It has set free the spirit of research.
It has given tangible form to invention, in apparatus of infinite precision and gigantic power.
And it has gone forth, co-operating with every industry, to command this unseen force and fetch it far to serve all people.
By the achievements which this company has already recorded may best be judged the greater ends its future shall attain, the deeper mysteries it yet shall solve in electrifying more and more of the world's work.

College Men "Make Good"

When an emergency arises in business, political or military crises, a call goes out for "college men." They are expected to "make good." And they do. The reason for their success is their abiltiy to bring their special training to bear on the problem at hand.

In financial matters this trust company is prepared to meet the constantly changing conditions due to the special training and long experience of its officers and staff.

Our several departments offer the following services:

(1) Checking accounts—large or small.

(2) Large or small interest accounts on which we pay 3½ per cent.

(3) Loans on promisory notes, on collateral security, and on real estate mortgages.

(4) 3½ per cent. interest bearing Certificate of Deposit.

(5) Acts as executor, administrator or trustee for decedent estates.

(6) Agent or trustee for estates of living persons.

(7) Safe Deposit Boxes to rent for $3.00 per year and up.

We especially welcome the opportunity of serving men "on the Hill."

LIT. REVIEWER PASSES OCT. ISSUE FAVORABLY

Undergraduate Appreciates Contents of College Monthly But Scores Upperclassmen

(Alumni and members of the faculty have reviewed "Lit." in he past. Possibly an undergraduate's opinion will be of interest. Ed.)

There are, necessarily perhaps, errors and slips and many chances for improvement in this first issue of the year. But for all these there are healthy changes of policy which point toward further improvement. The most promising is in the absence rather than in the presence of certain types of contributions which featured last year's "Lit.", namely the apathetic short story and the plotless one-act play. And yet it seems that an occasional short story or play should never be refused publication merely because some such articles have been signal failures.

As for the merit of the individual articles, a careful reader is sure to find a sincerity which is pleasing. Mr. Weaver's "New Drama" shows that he has an interest in what he discusses. The readers who prefer the writer to do their thinking for them, will naturally fail to grasp some of the connecting links in thought which should be there and are not. Mr. Merritt in his "Colleges and the War" gives us the "turkey in the next day's hash" with a corresponding lack of savor. Yet such articles are not entirely out of place in the magazine. On the contrary "The Celestial Empire" comes first hand, and is most decidedly in place.

It is admittedly a good thing to have a poem or two in each issue. We are afraid though, that most of us who have gone no farther than Freshman Latin will not trouble ourselves to get out a dictionary and translate "Iuventas Rapide." We will loose thereby. "War Prints"—Mr. Weaver again—is surely acceptable; obvious and trite is exactly what it is not.

The new page of cartoons is clever work, but the inspiration is assuredly lacking. When Mr. Paton becomes more acquainted with college events, he should find subjects more humorous than the "Commons Store."

Aside from the interesting and valuable article on Samuel Kirkland, the work in this issue is mainly by underclassmen. It is quite unfortunate that upperclassmen do not respond more enthusiastically in preparing work for the College magazine. Possibly the scheme was to give the new members of the Board their "fling." If so, we should hereafter have the two viewpoints,—equally necessary.

ON HAMILTON'S SCHEDULE

St. Lawrence 0	Rensselaer 26
Buffalo 6	St. Bonaventure 13
Union 0	New York University 0
Williams 9	Columbia 6

All students are invited to a reception in the Hamilton Union rooms, Wednesday night at 8 o'clock. "Pete" has arranged a surprise program, and refreshments will be served.

BUFF AND BLUE WILL CLASH WITH ST. LAWRENCE
ADVANCE DOPE GIVES HAMILTON AN EDGE

St. Lawrence, playing on her own field will be Hamilton's opponent Saturday. So far this season the Scarlet has had rather indifferent success in the four games played. She opened the season at Schenectady with a 20-6 defeat at the hands of Union, and followed this with a scoreless tie against the Rochester team which proved tolerably easy prey for Hamilton Saturday.

The results against Hobart point to an evenly matched contest this Saturday, both teams winning from the Purple by a 26-0 score. R. P. I. easily outclassed the northerners last week, and won 26-0.

The Canton eleven is light this year but Coach Smith has developed a speed which is the main strength of the team. Allen, Reamon, and Byrnes are the only veterans on the line. Goolden, Roode, Tillinghast and Martin are the freshmen who will probably face the Hamilton attack. In the back field, Sheen, Keegan, and Donihee of last year's team are still in the lineup, with Skinner, a freshman, at fullback. In the games played, Skinnes has proved to be one of the best men on the team, punting better than 50 yards and being the best ground gainer on the team.

In breaking up forward passes, St. Lawrence has shown her greatest weakness, and Coach Prettyman expects some good gains thru this style of play.

The Hamilton game completes the Northerners schedule.

MORROW PICKS MEN FOR INSTRUMENTAL CLUB

Twelve Men Selected From Thirty Who Tried Out For Positions

The try-outs for positions on the Instrumental Club were held in Silliman Hall Thursday night and revealed great interest in that organization. Thirty men appeared for the trials, from which Leader Morrow selected twelve men. The new material points to success for this department of the Musical Clubs this year. The following were chosen:

Mandolin—Cairns, Gorman, Kaiser and Neff, '20; Lawler, Hutchins and Fisk, '21.

Ukulele—Keehn and Fletcher, '20; Tower, '21.

Guitar—Arthur Thompson, '20.

Flute—Merritt, '20.

Violin—Parker, '21.

Further try-outs will be held for the mandolin positions after the men have had a chance to practice the selections to be used on the program. The ukulele players were taken for trial, this departure not yet being permanently decided upon.

COLLEGE NOTES

—Lopardo and Wright, '20, have joined E. L. S.

—Roswell Fish has entered College in the freshman class.

—At a meeting of the Latin Club Thursday night, Stratton, '19, and Couper, '20, read papers on Roman Architecture under the republic and during the Augustan age.

—The underclassmen furnished the entertainment for the college before Chapel Saturday morning, when the slimers donned their new green caps and attempted to wear them from the Gym to Chapel.

—In sixteen seasons that Hamilton and St. Lawrence have met, the Buff and Blue has the wide margin of ten victories over four defeats and two ties, with a grand total of 205 points as against 84 for the Scarlet.

There will be a meeting of the Executive Council next Thursday evening at 7:30 at Dr. Wood's. All managers who have anything to bring before the Council will appear at this time.

TAYLOR SPEAKS IN Y. M. C. A.

"China" Subject of Talk in Silliman Hall, Sunday Afternoon

Mr. R. E. S. Taylor, traveling secretary of the Student Volunteer Mission Movement, was on the Hill for the week-end to interest students in foreign missions. Sunday morning he delivered an address, in the Methodist Church of Clinton on "China and the Far East," and in the afternoon, after chapel, addressed students in Silliman Hall.

Mr. Taylor especially emphasized the great need of professional men in China, and presented many statistics showing that need. It is estimated that there is one physician for every two and one half million people in China, while in the United States there is one physician for every six hundred. Mr. Taylor is head of a preparatory school in western China, in which he teaches English, painting, and music. He showed several maps and paintings by his students, and pointed out the great skill which the Chinese have in various lines.

Mr. Taylor left yesterday to visit Colgate. He placed books in the Y. M. C. A., which will be taken up by the mission study class.

TOURNAMENT POSTPONED

The tennis tournament has been called off for the fall, on account of the condition of the courts, caused by the cold, wet weather. The tourney was started within a week of the opening of College, but with the exception of three good tennis days, it has been impossible to use the courts since that time, and the schedule has not advanced beyond the third round.

Manager Perkins has decided to postpone further matches until spring, and then start the tournament at the third round. Eight men will contest for Championship honors: Powers, Stone, Ives, Guy or Stackhouse, Jewett, Coupe, Patton, and Maier.

1919 WILL HOLD PROM

The Junior Class voted yesterday morning to hold a Prom as usual, and to follow the recommendations of the committee, to be appointed later. Strict economy will be observed. A class banquet was voted down.

MARINE OFFICER WILL BE ON HILL MONDAYS

Sergeant Clarke Will Drill College Battalion Once a Week

Great satisfaction is expressed by President Ferry and Professor Carruth on securing Sergeant Clarke of the Marine Corps, now stationed in Utica, to aid in the military department on the Hill. Because of his work in the Savage Arms Company, Sergeant Clarke is only able to come to Clinton on Mondays, and Professors Clarke and Carruth will continue in charge of the companies at other times.

The College Battalion is especially fortunate in securing Sergeant Clarke, as he has had wide experience in drilling men and is especially proficient in the working of the machine gun. The Marine Corps is noted for its exacting discipline and snappy drill, and the College Unit can expect Sergeant Clarke to instill a great deal of both into his work here. He is now engaged in training machine gun officers, and if guns can be secured, will continue his work of instruction in the College Battalion.

Lieutenant Dohrman, who has been on the Hill several times with Sergeant Clarke, has written to Professor Carruth, endorsing the work of the College Unit, and stating that the training which will be gained in the course as now planned, should qualify men to try the examinations for officer's commissions.

As no government uniforms are obtainable, Prof. Carruth is arranging for the necessary equipment through Wicks and Greenman of Utica. He has also ordered a B. H. relief map for the use of both the Geology and Military departments. This will be used in the study of map reading, map sketching, and later in the year in the discussion of problems in minor tactics.

The cold, gloomy weather of the past week somewhat hampered active work, and the battalion drilled either in a semi-drizzle or in the gymnasium. Calisthenics, manual of arms, and further instruction in wig-wagging under the tutelage of Professor Carruth and Baumer and Clark, '20, have occupied a good share of the time. The last two received their training in signaling while serving in the Naval Reserve.

FRESHMEN SCHOLARSHIPS

Thirteen freshmen hold New York State scholarships. These are awarded on a basis of scholastic standing to five men in each assembly district, and yield $100 annually for four years. The successful freshmen are: Wallace A. Campbell, Endicott; Henry F. Coupe, Jr., Utica; Clifford B. Culver, West Oneonta; J. Walter Decker, South Fallsburg; Franklin C. Fry, Rochester; Henry U. Hopkins, New Hartford; William T. King, Binghamton; Angell Mathewson, Mexico; Walter H. Parker, Binghamton; Luther L. Pierce, Jr., Portland; Allen E. Throop, Utica; Horace B. Weller, Albany; William A. Wettel, Kenwood.
